They determined that 7-9-3 was not an addition that could be added to master agreement removing disciplinary records after 3 years. The verbiage in 6-4 was corrected and 7-3-a addition was added to master agreement with some changes to it.

Other item revisited was 9-8 bereavement. The teachers wanted to keep clause in the event that bereavement leave is requested for a non-family member, the superintendent will review the merits of the individual case, so that remained in the agreement.

**Adjourn:** **6:56 p.m.**
